

Event aids local support group

Posted by Bob Evans

Kansas City video production company hosted live outdoor music event *On Stage with SIS* ticket sales benefit *Big Brothers Big Sisters KC*.

Stellar Image Studios, a sister-owned Kansas City video production company, sold out their third annual live music event, *On Stage with SIS (OSWS)*, sponsored by The Loop KC at the Black Box Theatre in the West Bottoms, Saturday, June 17, 2021.

A diverse genre of local artists took the stage, including Jass, Kemet Coleman and SIS camera operator and editor Lava Dreams. Stellar Image Studios provides the artists with a platform, free promotional content and social media recognition.

Clients and friends were invited to enjoy an evening of entertainment and networking while giving back to the community. The sold-out event raised over \$1,300 for Big Brothers and Big Sisters KC, a non-profit mentorship program. Two little sisters got on the stage to speak about the program's impact and encourage donation.

The SIS team is already planning to take OSWS 2022 to the next level, according to co-owner and producer Jasmine Nastasi.

“On Stage with SIS is a unique opportunity to support emerging performers and connect Kansas

City businesses with the community. It gets better and better every year.”

About Stellar Image Studios

Stellar Image Studios is a women-owned business that produces videos for corporate, non-profit, industrial, institutional and educational clients. The company was nominated as the 2020 & 2021 Emerging Business of the Year, sponsored by the Kansas City Chamber of Commerce. For more information, visit <https://stellarimagestudios.org/>.
